

NESA

ABOUT THE COMPANY

Established in 1994 in Denizli, Türkiye, NESA Tekstil is a vertically integrated manufacturer of towels, bathrobes, and bath textiles. With full in-house production covering weaving, dyeing, finishing, and sewing, the company maintains complete control over quality and efficiency. Over 60% of its output is exported to the U.S., supplying high-end home retailers and online stores. NESA focuses on long-term partnerships and consistent performance in quality and delivery. Innovation Continuous development is a key part of NESA's approach. Product lines such as Aqua Fibro, Airtense, and Softtwist illustrate the company's commitment to advancing comfort and functionality in bath textiles.
